Everything the shift needs

One system for the front counter, the kitchen and the back office, with each person seeing only what their role allows.

Register and kitchen

Ring up orders with modifiers and discounts, and send tickets straight to a live kitchen screen.

Staff and timecards

Each person signs in with their own number and PIN, clocks in, and sees only what their role allows.

Rewards

Look up or sign up members at the register and see their orders and points history.

Reports

Live sales, sales by day, top sellers, labor cost and stock losses for any location.

Up and running in three steps

1

Register your business

Tell us your business name, set up your first location and create your owner sign-in.

2

Add locations and staff

Set addresses, tax rates and roles, then add your team with their own PINs.

3

Sign in and start selling

Staff sign in at the register with their employee number and PIN.
